

# CAUTIN 40 WATTS 220V SC03261 SATA

CAUTIN 40 WATTS 220V SC03261 SATA

## Descripción del producto

## CARACTERISTICAS

- Adopts the heating of the ceramic heating core of high quality, the heating is fast, the thermal efficiency is high
- The temperature is between 420 and 450 degrees, it has a long useful life, it is energy efficient and friendly to the environment
- The solder tip is lead-free, especially suitable for the lead-free soldering process, it can be used for continuous welding in the production line

## ESPECIFICACIONES

- 40 Watts
- Weight: 0.23 Kg

## GARANTIA

- PRODUCTO CONSUMIBLE, GARANTIA 30 DÍAS. SOLAMENTE CONTRA DEFECTOS DE FABRICACION.
